If you click on the right side of the page PDF documents, the 2nd one listed is a 20 page staff Review Sheet that shows letters of opposition, see maps, and the city codes the bar is trying to get a variance for. Planning Commission took no action as a 3-3-3 vote (required 4 votes for firm vote). Staff is recommending Council approve the extension of hours to serve liquor until 2 am every day of the week and to allow them to park cars right next to land used for housing. Join the strong opposition from 3 of the 6 Planning Commissions present at that hearing and numerous residents and community-based groups who are circulating a petition to present to City Council at or sometime after 4 pm this Thursday. Please contact Council or show up at City Hall next Thursday to support our opposition. If you have petitions/letters bring them! Here's how to contact City Council members:

Call 311 and ask to speak to the individual Councilmembers and tell whoever answers the phone to count you as being against the WeatherUp variance. Or email them all in a single email at: <http://www.austintexas.gov/mail/all-council-members> or get their individual email addresses and phone numbers at <http://www.austintexas.gov/government>

To learn more about the WeatherUp Bar go to their website at <http://weatherupnyc.com/>

If you want to help get signatures on our petition or would like to sign one, please call 512-478-6770 and leave a message and we'll call you back! If you have a petition that needs to be presented at City Council on Thursday, call us and we'll pick it up from you. Deadline for pickup is Wed., 3-26 at 5 PM.
